Henry Clay Beattie, Jr., of Richmond, Va., sentenced to death for the murder of his wife in July last, has been removed from the city jail to the detention cell in the State penitentiary, where he will remain until he is put to death in the electric chair. He is under close guard. The execution will take place Nov. 24.

Paducah voted against the commission form of government by 1692 to 892. Thos. N. Hazelp, formerly a young lawyer of this city, was elected mayor over Joe Patter, Democrat, by 160 votes. The Democrats have a bare majority in the Council, which elects most of the subordinate officers. The mayor appoints the police force and controls several of the best paces.

There was a striking decrease in the production of tobacco in the United States this year, amounting to 196,000,000 pounds less than last year's crop. Kentucky alone the loss was 111,000,000 pounds, in Virginia and North Carolina it was 25,000,000 pounds each. In Pennsylvania and Wisconsin the crop was greater than last year. The average yield per acre for the entire country, 885.2 pounds was greater than during any time in the past ten years.

A Devoted Constituent.

"That member of congress says you have voted for him for the last 15 years."

"That's right," replied Farmer Corn-tassel.

"You must think a lot of him."
"Well, I dunno. You see, 15 years ago I had a couple o' hoss trades with him, an' since then I've allus felt safer with his spendin' so much of his time in Washington."

England's Royal Vine.

The famous royal vine near Cumberland Lodge, Windsor Great Park, in which the king and queen and members of the British royal family take much interest, is bearing this year between 500 and 600 splendid bunches of black Hamburg grapes, the average weight of the bunches being about four to five pounds, some of them

Dread of an Operation.

N. Manchester, Ind.—Mrs. Eva Bashore, of this place says, "I suffered female misery of every description. Two doctors attended me and advised an operation. I lost weight until I weighed only 90 pounds. I dreaded an operation, and, instead, began to take Cardui. In a short time, I gained 25 pounds, and feel as well as I ever did. Cardui, I am sure, saved my life." Cardui is to day used in thousands of homes, where it relieves pain and brings back strength and ambition. It is a woman's medicine for women's ailments, and you are urged to try it for your troubles. Ask your druggist. He will tell you about Cardui.

The Rev. Irl R. Hicks 1912
Almanac.

Before the great Drouth of 1901, the Hicks Almanac gave timely warning. For over two years prior to 1911, the Hicks Almanac again sounded a warning of drouth danger. And so for forty years this same friend of all the people has steadfastly refused the offers of speculators and continued to warn the public of the coming dangers of storm and weather. As they should have done, the people have nobly stood by Professor Hicks, their faithful public servant, who has grown old in their service. Send only one dollar to WORD AND WORKS PUBLISHING COMPANY, 3401 Franklin Avenue, St. Louis, Missouri, and get his Magazine and Almanac both for one year. The Almanac alone, a fine book of 150 pages, is only 35c. by mail. Let everybody respond and receive the warnings of our National Seer for the coming year.

There Stands Ohio.

Cincinnati, Nov. 8.—Despite the announcement that George B. Cox had retired from the local political arena and that President Wm. H. Taft put his sign of approval upon the local republican municipal ticket, Henry T. Hunt, democratic nominee for mayor of Cincinnati, was elected by a majority estimated between 5,000 and 6,000. Early returns also indicate that Hunt has exercised strength enough to carry his entire ticket to victory with him.

Cleveland, O., Nov. 8.—Cleveland, which two years ago went republican, electing Herman C. Baehr mayor over the late Tom D. Johnson, returned to the democratic fold, electing Newton D. Baker, Johnson's political heir, mayor over Frank G. Hogen, republican, by about 18,000 majority.

The entire democratic city ticket was elected with the exception of five councilmen.

Columbus, Ohio, Nov. 7.—The indications at 8 o'clock are that George J. Karb, democrat, has been elected mayor by a plurality of about 4,000 over Marshall, republican, and Eby, socialist.

Electrify the Pupils.

They are using electricity in primary school education in Stockholm. Just how it is used does not appear, but we are told that the "classroom is subjected to electricity." And records are being kept to ascertain whether the electrically trained youngsters acquire the three Rs with greater precision and dispatch than those that are being brought up on sunlight, common sense and the rod.

JUST FOR FIVE MINUTES

Forget all about any other suspenders you ever wore and consider two commonsense reasons for wearing

SHIRLEY
PRESIDENT
SUSPENDERS

These reasons are COMFORT and DURABILITY. Consider them fairly—you can't get away from them—they must appeal to you personally because they are for your good.

You know that a sliding cord, such as the Shirley President has, with its instant adjustment to every bodily motion, must be more comfortable than the ordinary suspender. You will also realize that this cord gives longer wear to the suspenders and never pulls the trouser buttons off.

Who Was There That You Knew?

The shadowy ranks of those who marched to defeat or death or victory 60 years ago in the mighty conflict that convulsed this great nation, is there—father or grandfather or uncle of yours? Would you like to see a photograph of him in that long ago day of his youth—a photograph that he never knew was taken? Perhaps we can show you one; and in any case, we can tell you a story, stranger than any detective fiction, of 3,500 priceless photographs that were lost and are found again.

3,500 Long Buried Photographs of the Civil War

THEY were taken by the greatest photographer in the United States of that day; they were bought by the United States Government for \$50,000; they were buried in the War Department for 50 years—they are buried there still. But a duplicate set was kept by the photographer—who died poor and broken down; that duplicate set was knocked down for a few cents for nearly 50 years, until it was discovered by a New England collector. J. Pierpont Morgan, tried to buy the collection—President Garfield and General Sherman the collector—Mr. Morgan said it was worth \$150,000—yet with the help of the Library of Congress, the entire collection has been purchased for 100,000 and is placed within your reach at less than the value of one of the photographs. It is the most accurate, impartial history of the Civil War—before the camera cannot lie. It tells the story of the War you never heard before. Taken under protection of the Secret Service, these photographs bring to light thousands of little-known phases of the war; they penetrate to strange places and reveal strange things.
